

## Climate Change Policy & Goal GHG Policy

Balark Metals Pvt. Ltd. will play a leadership role in climate change by being knowledgeable, responsive, and trustworthy, and by adopting environment-friendly technologies, business practices and innovation, while pursuing their own growth aspirations and the enhancement of stockholder value.

Balark Metals Pvt. Ltd. will measure their carbon footprint and will strive to:  
Be the benchmark in their segment of industry on the carbon footprint, for their manufacturing Industries.

Engage actively in climate change advocacy and the shaping of regulations in different business sectors.

Incorporate 'green' perspective in all key organisational processes.

### GHG Goals

GHG results will be accounted in Year 2023-24, it will be possible to define corresponding targets for the BMPL with the BMPL sustainability strategy, which was developed as part of the 2030+ strategy:

Net GHG emission of BMPL is 252.977 tCO<sub>2</sub>e including Scope 1 & 2.

BMPL objectives are taken

1. Reduce Scope 1 emissions by 15% by 2025
2. Reduce Scope 2 emissions by 20% by 2025
3. Identify key Scope 3 categories and reduce emissions by 10% by 2025

The achievement of these targets will be ensured by regular reviews.

1st April 2025
